PRESS RELEASE

WATERWORKS OFFSHORE CONCEPTS COMMUNITY POISED TO GROWTH!

As a part of strategic growth, Waterworks Offshore Concepts GmbH is proud to announce the addition of Mr. Stefan Eberhardt in the key position of Ship & Finance Broker.
Stefan has vast experience in the maritime industry with a fundamental knowledge in shipbroking and ship-finance.
In 2016, Stefan completed the extra-occupational "Ship Finance Manager" program at the Frankfurt School of Finance & Management, before deciding in 2019 to enrolling for a Master of Science degree in Shipping, Trade and Finance at CASS Business School in London. With his professional maritime know-how and existing relationship to financial institutions, Stefan is another sharp individual here at Waterworks Offshore Concepts GmbH who will support our existing customers and fast growing network to the offshore renewable and finance industry.

Almost one year has passed since the announcement of turning direction into the investment market while Waterworks Offshore Concepts today is the first-to-contact and leading provider of alternative ship finance solutions and investments, opening their doors purely to the evolving offshore wind industry. Managing Director Sven Boedewig: "We have to cover our customers interest as well as following the rapidly growing offshore renewable industry – thus we are happy to have Stefan on board. While the industry is growing worldwide, we also discover new geographical markets"

Being an inherent part of the offshore renewable industry since the very beginning secures our clients a full range of expertise, value outlook and future investment outlook backed up with hands-on shipbroking services from a -360 degree- perspective.

Please join us and welcome Stefan on our team!
