

Press Release

Haren (Ems), Germany, 2020-08-31

## ELA Premium Plus Container Accommodations available from stock!

We are phasing out an ELA Premium Plus accommodation block from our rental fleet and have it available for immediate delivery in our yard in Haren (Ems), Germany. After completing testing and inspection of all HVAC-, electrical- and PA/GA installations as well as freshwater and wastewater connections the accommodation block is ready for deployment.

The block consists of 26 linkable accommodation modules from the ELA Premium Plus range that each have a dimension of 10 x 3 m. With a central corridor and cabins on either side you are able to create a high-quality offshore accommodation block over a maximum of four levels for approx. 60 persons.

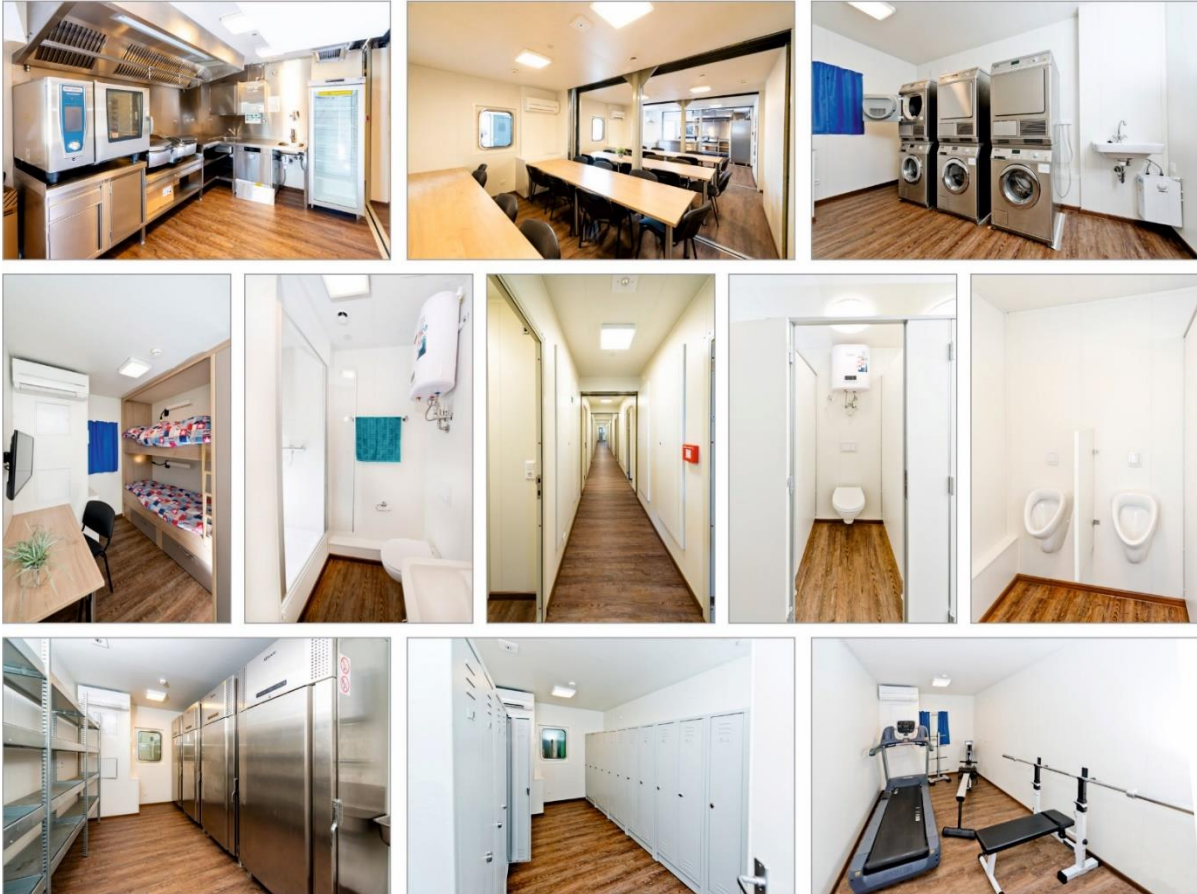

### Customisable to meet your needs

Each module can be used as a single stand-alone unit, or they can be part of a larger facility featuring a number of modules, scalable to suit your requirements. Please contact us with your exact requirements so we can provide you with a technical- and commercial suggestion by return.

# ela[container]
