

On this historic day, marks a significant cooperation between the Asian Photovoltaic Industry Association (APVIA) and the ASEAN Centre For Energy (ACE) via the signing of a memorandum of understanding (MoU). The main focus of the MOU is on an industry-based capacity building.

This MoU was signed by the Executive Director of ACE, Dr. Nuki Agya Utama and the Executive Vice Chairman of APVIA, Mdm. Mi Yue. The MoU is a form of mutual commitment to promote the training and human resource development by both organizations.

APVIA and ACE have a shared objective of serving the solar PV industry interest. This MoU provides a formal platform for developing and conducting courses which can be a catalyst for strengthening of future cooperation between APVIA and ACE
