

For Immediate Release

Signing of Memorandum of Understanding (MoU) Between APVIA and ACE A New Cooperation to Enhancing Support to Asia's Solar PV Industry

Thursday 4 March 2021

On this historic day, marks a significant cooperation between the Asian Photovoltaic Industry Association (APVIA) and the ASEAN Centre For Energy (ACE) via the signing of a memorandum of understanding (MoU). The main focus of the MOU is on an industry-based capacity building.

This MoU was signed by the Executive Director of ACE, Dr. Nuki Agya Utama and the Executive Vice Chairman of APVIA, Mdm. Mi Yue. The MoU is a form of mutual commitment to promote the training and human resource development by both organizations.

APVIA and ACE have a shared objective of serving the solar PV industry interest. This MoU provides a formal platform for developing and conducting courses which can be a catalyst for strengthening of future cooperation between APVIA and ACE

About The Organisations

APVIA

APVIA is a non-profit organization consists of PV enterprises, scientific institutions and other relevant organizations in Asia under the principle of voluntary enrolment. Business scope of APVIA also covers information and academic exchange, technical consultation, project demonstration, quality standards, market service, education and training.

ASEAN Centre for Energy (ACE)

Established on 1 January 1999, the ASEAN Centre for Energy (ACE) is an intergovernmental organisation within the ASEAN structure that represents the 10 ASEAN Member States' (AMS) interests in the energy sector. It is guided by a Governing Council composed of Senior Officials on Energy from each AMS and a representative from the ASEAN Secretariat as an ex-officio member. Hosted by the Ministry of Energy and Mineral Resources of Indonesia, ACE office is located in Jakarta.
